Private Placement of Convertible Preferred Shares

Co - Lead Agent

Successfully completing one of Canada's largest private placements requires hard work in the best of times. Today's challenging market conditions make the demands even greater. When Q9 Networks sought to raise capital to fund their national internet data centre expansion, they turned to Scotia Capital. Our private placement experience combined with our understanding of the Canadian technology market allowed Q9 Networks to raise substantial capital, quickly and efficiently.

If you're looking for a creative, flexible and innovative approach to success, we should be talking. For more information, please contact Sean Robitaille at (416) 863-7783.
